MIL'S MUSINGS

By Richard Milbrodt

WHAT RANKS AS irony of the year is the entire local high school situation which is climaxing in the pending bond election. The ironic part is that back when some people were clamoring for unification of the Lemon Grove School District, the opposition side brought forth the successful argument that such a change would cost the taxpayers more money. By remaining in the large Grossmont District the property owners would be ahead since taxes would not rise they said. Now the Grossmont people want to finance a new El Cajon school with a gigantic bond issue and a promise to bond the District to the legal limit by 1956. Increased debt surely means increased tax rate but nothing save silence is heard from the corner of those declaring status quo with schools would save money.

ACCIDENTAL - INCIDENTALS: The magazine "Piggly Wiggly" on sale in the Mayfair market newstand.

And mentioning PIGGLY WIGGLY reminds us that this May marks birthday number 5 for that supermarket here in Lemon Grove. Bet that you didn't know it had been that long.

THAT TELEVISION TELEVISION viewing in Michael's Steak House has attracted such throngs of watchers, especially on Wednesday nights for the fights, the manufacturer is going to do something practically unheard of. The present 17 inch set will be exchanged for a 30 inch job. If so many people are going to strain to see teevee, we might as well help them strain easier, the company decided. This means that Michael's will have the largest television set in this area, possibly even the county.

In case you are interested, cigarette smokers last year consumed an average of 3,179 weeds per person. This breaks down to 19 per day.

Whoever says that this isn't the land of milk and honey should have been standing on Golden Ave. behind the AVALON last Saturday a. m. when several gallons of milk could be seen flowing down the gutter. Not usefully, though. Some poor milkman dropped one of those five gallon cans and the lid popped off.

SLICK SIGNS SIGHTED: "2 and 3 Bedroom Mes Built Here." Gosh, you don't have to specially build a mess, we get enough of those by accident. Oh, yes. The sign is on Federal Blvd., just past Euclid, on the way to San Diego.

One more thing we just found out last week. Driving from Lemon Grove to San Diego via Highway 94 (Federal Blvd.) you enter San Diego twice before arriving downtown. The reason is a county island still in the San Diego city limits.

Kiwanis Governor To Visit S. D.

Irvin C. Chapman, California-Nevada-Hawaii District Governor of Kiwanis International, will visit San Diego April 16, to meet with Kiwanis Division 21 at the Manor Hotel.

Playground and Park Viewed As Grove Possibility

"Lemon Grove can have a playground and park if citizens already, efforts are being of the area showed enough interest in the project. County financed participation in a community life in an attempt to build park and site for one or more public buildings has been under consideration for some time."

That is the message Dr. Willis Miller, San Diego Planning Director, brought to Lemon Grove via a Kiwanis luncheon speech last week. Shown above are Byron Netley, Kiwanis president, and Dr. Miller.

Tilton Sparks Fire Race! Hot Candidate Chills!

Brownie is Toast of Main Street!

Principals in the coming Fire fire elections, both mer. Commissioner's race were girding themselves this week for the upcoming battle for ballots to be settled by local voters April 6th. Strongest candidate appears to be Paul Tilton, incumbent, who operates a welding and machine shop business adjacent the fire house.

Also in the race is Bob Brownie, washer and refrigerator sales and service operator who recently was named to the board of directors of the Lemon Grove Chamber of Commerce.

Tilton has had several years experience in fire fighting prior to serving as volunteer with the earlier Grove fire protection system.

Dr. Gigliotti Life President Columbus Group

Dr. Frank B. Gigliotti, Riviera Drive, Lemon Grove, has been named honorary national president for life of the Sons and Daughters of Columbus.

At a colorful ceremony earlier this month at the Biltmore Hotel in Hollywood, Dr. Gigliotti was named to represent more than 300,000 members of the Columbus organization across the nation. The meeting was the occasion of forming the first California unit, 12 state councils made up the California contingent.

Dr. Gigliotti was named to the office which only one person may hold, and that tenure is for the life of the office holder.

He was named for "writing democratic Articles of Freedom into the new Italian Constitution following World War II. He served with the OSS during the war."

Teachers Hear Press Reps

Representatives from the Lemon Grove District Teachers Association heard a panel of Los Angeles County news men discuss the press and its relation to the public schools and education at a special public relations meeting last Friday evening in Los Angeles. A lively question and answer period followed, at which time teachers and administrators worked out better methods of informing school patrons and others of school activities and policies.

The following day they met with CTA delegates from Southern California at the regular council meeting where they heard an address by Dr. Arthur Corey, executive secretary of the California Teachers Association.

Attending from Lemon Grove were Cedric Stammerjohn, local club president, Donna Dreyer, local CTA representative, and Peg Darroch, public relations chairman.

Lions Will Have Spaghetti By The Mile

L. R. Dick, Fares, Bob Von Willer, Grant Hadley, Forrest Baxter and Harold Holaday examining some of the spaghetti being donated by the S. D. Spaghetti Co. for the Friday dinner.

Miles and miles and miles of spaghetti. That is what President Bob Von Willer of the Lions Club is going to be serving Friday night, March 27th, at the Lemon Grove Youth Center.

The occasion is a project of the Lion's Club to raise money for the pretty new uniforms the Lemon Grove Intermediate School Band is sporting these days. Paul Cheatham, director of the band says he was getting along just fine with his uniforms till his Junior Band got ready to graduate and that really throw him a curve. Now he needs more uniforms to keep every body "covered."

The Band just emerged from the County wide musical festival at Hoover High where they were highly honored. The next public showing will be in the May Time Band Review in National City.

The Music Parents Club along with the help of the Lion's Club has sparked this drive for new uniforms for our band and they are having a big rummage sale this week end for that same benefit.

Spaghetti will begin flowing Friday about 5:30 and will continue until everybody is fed. The band will play throughout the evening. Tickets for the dinner for adults are \$1.25, and 60c for school kids.

Stores are open in Lemon Grove Friday evening. A spaghetti dinner and a shopping contest. Entry blanks may also be had at the Helix High School and the Review office.

Just three weeks remain in which Lemon Grove beauties may make application for entry in the Fairest of the Fair Beauty Contest. Local judging will be done during a variety show April 10th at 8:00 p. m. in the Monterey Heights School. Winner will represent Lemon Grove at the San Diego County Fair and compete there for Fairest of the Fair Title.

There are two requirements that must be met by contestants. First, the girl must be between 16 and 19 years of age (any girl who will be 16 not later than June 26, 1953 is eligible) and second, she must reside within the Lemon Grove Postal Area.

Applications and further information may be obtained from Mrs. Scagliotti, president of Lemon Grove Woman's Club Juniors, sponsors of the local contest. Entry blanks may also be had at the Helix High School and the Review office.

"Polio incidence, from January to July, 1952, outside the city was twice that of the city rate," reported James P. Slater, Chief, Division of Environmental Sanitation for the County of San Diego Department of Public Health. "One of the major trouble spots in the County is Spring Valley," he reported.

This area needs a sewer system not only to protect the health of the residents but the economic health of the community is also at stake," he said. "The Department of Public Health is already condemning homes built prior to this condition," he asserted.

"Where homes have a defective disposal system," he warned, "we are classing them as 'unfit for occupancy' and the residents are ordered to correct this condition. occupancy, whether they rent or own the property."

"There are areas," he stated, "where effluent flows on the surface. It takes no engineering knowledge to assess the results of this condition," he said.

Roy Nielsen, president of the Lemon Grove Chamber of Commerce who is co-ordinator of the combined chambers of commerce of Lemon Grove and Spring Valley and head of the local Sewer Survey Group said that one-fourth of the Grove sewage area is in the Spring Valley sewer district and that under present circumstances, drainage from this area flows into the highways and always toward Spring Valley. This condition will worsen, he said, unless a disposal system can be worked out for the eastern section of Lemon Grove.

"This condition is deplorable," he feels, "Lemon Grove is extremely vulnerable to a disease outbreak should an epidemic develop in Spring Valley," he said. "The fact that practically every resident of the Valley problem at length. A smaller passes through our town makes group was soon organized to do each inhabitant here a target for the work of the parent body. all of the disease that result this was the Fact-Finding Commission lack of proper sanitation mittie which is composed of at Proper sanitation is the first rule least one representative from in the book in any community each geographic portion of the development," he added.

M. H. Hobby Show Attracts
Big Turnout

Before the regular meeting of the Monterey Heights P. T. A. Thursday, children and adults of the community displayed various hobbies to the visitors. Kindergarten children through fifth graders had stamps, coins, dolls, model airplanes, model boats, etc., on display.

Many adults exhibited oil paintings, water color sketches, and ceramics. The latter groups attended adult classes at Grossmont.

The display was in rooms 1 and 2 at the school. Louis Poluzzi, fifth grade teacher, was chairman of the show. There were seventy-five entries.

Matter Baseless Christian Science Lesson Says

Wisdom, understanding, and healing are gained through Spirit, not matter, declares the Sunday Lesson-Sermon on "Matter" in all Christian Science churches. John's counsel, "Little children, keep yourselves from idols," constitutes the Golden Text. (1 John 5-21).

The following healing by Jesus is related in Matthew's Gospel (12:22): "Then was brought unto him one possessed with a devil, blind and dumb; and he healed him, inasmuch that the blind and dumb both spake and saw."

Lemon Grove Carnations Now Much Improved

Almost any Lemon Grove gardener now can grow carnations fully as lovely as the florists feature. Comparatively new hardy varieties, such as *Enfant de Nice* and *Chabaud's Giant*, have greatly reduced the amount of care needed. But they retain the almost everblooming character and spicily fragrant double flowers which have made carnations one of the most popular of all perennials.

CARNATION

You now get these newer varieties in flats, according to the Bedding Plant Advisory Board.

Not only are the plants harder but the color range also has been greatly extended. In addition to the familiar whites, pinks and red, there now are such colors as rose, lavender, yellow, orange, purple and twotones.

Pampering no longer is needed, but a sunny location and good drainage still are essential. Space flat size plants 8" (for mass planting) to 15" apart. Plant them now, with the top of the ball of roots slightly above ground level. Raise the bed if there is any question about drainage. This will prevent water from standing around the trunks and eventually causing stem rot.

When plants are 4" to 6" tall, nip off the tops to encourage the growth of more flower stalks from the base. If you wish to

concentrate growth in one large, showy flower, snap off all side buds on a stem, leaving only one bud at the end.

To encourage long straight stems on individual specimen plants, tie them to chicken wire supports. Or save tying by growing them within individual chicken wire collars, which their foliage soon hides. Because carnations grow and bloom repeatedly over many months, feed them regularly with a good commercial fertilizer. You also will encourage your plants to stay bushy if, when cutting the flowers, you cut down to within 4 or 5 joints of the base of the stalk.

Medical Men Announce Mediation Committee

Dr. Ralph M. King, president of the San Diego County Medical Society, today explained the objectives of the Society's "mediation committee" which functions to adjust any misunderstandings between patients and physicians.

Similar committees, Dr. King explained, have been formed throughout the state as a part of the medical profession's public relations programs to maintain the highest possible standards of medical care and medical ethics for the protection of both the patient and the physician.

To encourage this better understanding between both parties, most physicians now display a plaque in their offices which states: "I invite you to discuss frankly with me any questions regarding my services or my fees. The best medical service is based on a friendly mutual understanding between doctor and patient."

"However, in the few unsolved misunderstandings, the patient has the protection of an impartial board of review."

Eyestrain Is the Price People Pay for Progress

Dr. Louis J. Girard, a New York ophthalmologist, believes that the demands of our complex civilization have made us acutely aware of our eyes because "the demand for acute vision is far greater in this highly complex civilization."

"Our eyes are no worse and, in some respects, are better than those of previous generations," he wrote in an article published by Today's Health.

Eyestrain will not permanently damage the eyes, Dr. Girard points out. "Continuing to strain the eyes when eyestrain symptoms are present can certainly aggravate the condition, but it has not been known to produce organic changes in the eyes. It is not thought that the eye is capable of straining itself into permanent damage."

As for watching television, Dr. Girard writes that it is "inconceivable that the television screen would harm the eyes of a person on the other side of the room; television contains no harmful rays. Watching television to excess can cause symptoms of eyestrain, but not permanent injury. If the viewer needs glasses, has anise-

konia (unequal images are seen by the two eyes) or a muscle imbalance, he is even more likely to get symptoms of eyestrain. But if the eyes are normal or defects have been properly corrected, no symptoms will result from watching television.

"Knowing this, common sense should dictate the length of time anyone should spend gazing at the television screen."

Dr. Girard gives several reasons for eyestrain. The most common reason is a refractive error that calls for glasses. Undercorrected farsightedness, astigmatism, presbyopia or "old sight" and overcorrected nearsightedness may produce eyestrain symptoms. Proper glasses can correct these types.

Muscle imbalance, a disturbance in the delicate eye muscles that synchronizes the movements of both eyes, is another reason for eyestrain. Such affliction can be alleviated by proper glasses, certain eye exercises and, sometimes, by surgery.

Prolonged use of the eyes, improper illumination and a number of organic eye diseases can also cause eyestrain.

Spring Valley Sewers

Continued from page 1

Mountain Valley Taxpayer's Association, Inc., has reacted strongly to the sewer proposal. Brig. General W. J. Miller, British Army ret., now an American citizen, attacked the plan as a "frame-up." The controversy was based on financial considerations as far as the opposing group is concerned. Slater, and other interested proponents pointed out that health and public welfare is the present, critical problem.

"Children have been observed playing in gutter accumulations of effluent," he stated. "No mother need be worried of the dangers inherent in such a situation."

Meanwhile, the resistant group is conducting a house-to-house effort to stem the drive for passage of a sewer bond. The expected passage of a sewer bond will be determined date. Entirely

missing in this group's argument is the human element—that of the sickness and possible death of members of the average Spring Valley family upon whom the effluent of the hilltop residents flow.

Final Meeting by Investigators

"Highland Lads And Lassies"

Robert Turnbull

Mothers: Just think of having your sweet 'Lil daughter or your ole 'rogey son having a party like that was to be at the expense of Crazy! Well then you can think how Mrs. Ely felt when she had to bake 400 assorted cookies for her daughter's "Cookie Party" last Saturday night. Recently they threw a big combination joint Meeting and Dance with the Congregational PF's of Paradise Hills and La Mesa at Friendship Hall. "Lemon Grove Hi-Y"

Robert Turnbull

Last Thursday our Hi-Y saw three films. And they were, "This is Guadacanal," "With the Marines at Tarawa," and the "1948 Army-Navy Football Game." Refreshments were served; 100 cookies and 12 quarts of punch. It took exactly 112 seconds for the boys to make the food go into its disappearing act. Saturday night, the Hi-Y had a joint meeting with the Hoover Sophomore Y-Teens. It was held at the Northeast Y on University Blvd. There were approximately 25 of our boys there to the girls 30, and we did a lot of dancing to popular records, and in general we had a gone (good) time. I guess I'll have to take back my words about encouraging more boys to join our

club. Seems that we have 38 guys in the club now, as it was, when I first became president, there were only 15. Thanks anyway.

Film on Handicapped Gets Lutheran Screening

Friday at 7:30, the ladies of Lemon Grove Lutheran Aid will see a film showing the work being done among the deaf and blind will be part of the program.

Members are reminded to bring their self-denial envelopes. Refreshments will be served by the hostesses, Mrs. Donald Johnson and Mrs. Palmer Svalstad.

There was also a piano solo by Valerie Lou-Bruce Bender; Parry Culver, Freddie Harlow; Marilyn Sharp, Bill Hire; Gayle Meador, Mike Turnbull's home to see Navy war Spinnazola; Mary Sue Kirkland, Johnny Sifton; Pat Barnett, George Padilla; Irene Hishlop, Neil Nagy; Pat Farrell, Joe White; Carol Ebers, Bill Bean; Coral Byrd, Lyle Wright; Barbara Rann; Wayne Williams; Peggy Thomas, Carl Herder; Connie Grader, Rowena Nail, Tom Kelly, Ernie Merk, Jim Sinegal, Stewart Harvey and Bob Crist.

The Medical Society

MEDIATION COMMITTEE

EACH of the 12,000 doctors of the California Medical Association serves an average of 20 patients per day. 20 times 12,000 means 240,000 individual cases each day, in which the doctors are providing care for patients in their offices, in homes or in hospitals.

WE know that some of these relationships, when considered individually, may not be perfect. It is only human to expect that a few misunderstandings will develop regarding fees and, in some instances, the type of medical care provided.

MANY of these would never arise if the patient were frank in discussing with his physician financial matters as well as physical ailments. To encourage this better understanding many doctors display a plaque in their offices which states:

"I invite you to discuss frankly with me any questions regarding my services or my fees. The best medical service is based on a friendly mutual understanding between doctor and patient."

The still unsolved problems are the particular and immediate concern of the Medical Society Mediation Committee. If you have made a serious and sincere attempt to resolve any of your medical problems with your personal physician and have not arrived at a satisfactory agreement let us know. Write us. We are determined that the highest of standards, both in ethics and medical care, shall prevail in our community. That is why, in effect, this committee is your committee.

Step 3. Using fingers or spoon, spread mixture on bottom and sides of greased 9-inch pie pan. Chill until firm. To serve, fill crust with ice cream, pudding or chiffon type filling.

Emily Adams

Lincoln's log, symbol of the great president's humble origin, inspires an unusually appropriate and delicious dessert for the celebration of his birthday, February 12th. Covered with a rich chocolate "bark," this cake is far easier to make than your impressed guest would guess.

Lincoln Log

1/2 cup sifted cake flour

1/2 teaspoon double-acting baking powder

1/2 teaspoon salt

4 eggs (at room temperature)

1/2 cup sugar

1 teaspoon vanilla

Sift flour once and measure. Combine baking powder, salt and eggs in bowl. Beat with rotary egg beater, adding sugar gradually until mixture becomes thick and light-colored. Fold in flour and vanilla. Turn into 15x10-inch pan which has been lined on bottom with paper. Bake in hot oven (400°F.) 13 minutes. Turn out on cloth which has been sprinkled with confectioners' sugar. Quickly remove paper and cut off crisp edges. Roll cake, rolling cloth up in cake. Let cool about 10 minutes. Unroll, spread cake with Chocolate Filling* and roll again. With pastry tube, cover completely with Chocolate Fluff Frosting* to resemble log. Make knots by frosting pieces of cake cut from trimmed edges. Attach these to log with additional frosting.

*Chocolate Filling: Use prepared chocolate pudding and pie mix, prepared as directed on the box.

*Chocolate Fluff Frosting

4 tablespoons butter or margarine

1/2 cup sifted confectioners' sugar

1 teaspoon vanilla

3 squares Baker's Unsweetened Chocolate, melted

1/2 teaspoon salt

2 egg whites

1/2 cup sifted confectioners' sugar

Cream butter; add sugar and blend. Add vanilla, chocolate, and salt and mix well. Beat egg whites until stiff, but not dry. Add sugar, 2 tablespoons at a time, beating after each addition until blended. Then continue beating until mixture will stand in peaks. Add to chocolate mixture, folding gently but thoroughly, only enough to blend.

KEEP your story TOLD

If there is one enterprise on earth that the quitter should leave alone, it is advertising. Advertising does not jerk... it pulls. It pulls gently at first but the pull is steady. It increases day by day, year by year, until it exerts an irresistible power.—John Wanamaker.
